137-015.03 Temporary Suspension or Limitation

137-015.03A The Department may temporarily suspend or temporarily limit any credential issued by the Department without notice or a hearing if the Director determines that there is reasonable cause to believe that grounds exist under 172 NAC 137-015.01 for the revocation, suspension, or limitation of the credential and that the credential holder’s continuation in practice or operation would constitute an imminent danger to the public health and safety. Simultaneously with the action, the Department will institute proceedings for a hearing on the grounds for revocation, suspension, or limitation of the credential. The hearing will be held no later than 15 days from the date of the temporary suspension or temporary limitation of the credential.

137-015.03B A continuance of the hearing will be granted by the Department upon the written request of the credential holder, and the continuance must not exceed 30 days unless waived by the credential holder. A temporary suspension or
temporary limitation order by the Director will take effect when served upon the credential holder.

137-015.03C A temporary suspension or temporary limitation of a credential under 172 NAC 137-015.03 will not be in effect for more than 90 days unless waived by the credential holder. If a decision is not reached within 90 days, the credential will be reinstated unless and until the Department reaches a decision to revoke, suspend, or limit the credential or otherwise discipline the credential holder.

137-015.04 Department Action: The Department will follow the procedures delineated in the Uniform Credentialing Act to notify credential holders of any disciplinary action to be imposed and the time and place of the hearing.

1. Censure;
2. Probation;
3. Limitation;
4. Civil Penalty;
5. Suspension; or
6. Revocation.

137-015.05A Additional Terms and Conditions of Discipline: If any discipline is imposed pursuant to 172 NAC 137-015.05, the Director may, in addition to any other terms and conditions of that discipline:

1. Require the credential holder to obtain additional professional training and to pass an examination upon the completion of the training. The examination may be written or oral or both and may be a practical or clinical examination or both or any or all of the combinations of written, oral, practical, and clinical, at the option of the Director;
2. Require the credential holder to submit to a complete diagnostic examination by one or more physicians or other qualified professionals appointed by the Director. If the Director requires the credential holder to submit to an examination, the Director will receive and consider any other report of a complete diagnostic examination given by one or more physicians or other qualified professionals of the credential holder’s choice if the credential holder chooses to make available the report or reports by his/her physician or physicians or other qualified professionals; and
3. Limit the extent, scope, or type of practice of the credential holder.

137-016 VOLUNTARY SURRENDER OR LIMITATION: A credential holder may offer to voluntarily surrender or limit a credential issued by the Department.       (1) Permanently;
      (2) Indefinitely; or
      (3) Definite period of time (specify);
   c. Specify reason for offered surrender or limit of credential; and
   d. Specify any terms and conditions that the credential holder wishes to have the Department consider and apply to the offer.

3. Attestation: The credential holder must:
   a. Attest that all the information on the offer is true and complete; and
   b. Provide the credential holder's signature and date.

137-016.01 The Department may accept an offer of voluntary surrender or limitation of a credential based on:

   2. An offer made with the agreement of the Attorney General or the legal counsel of the Department to resolve a pending disciplinary matter;
   3. A decision by the Attorney General to negotiate a voluntary surrender or limitation in lieu of filing a petition for disciplinary action; or
   4. A decision by the legal counsel of the Department to negotiate a voluntary surrender or limitation in response to a notice of disciplinary action.

137-016.02 The Department may reject an offer of voluntary surrender of a credential under circumstances which include, but are not limited to, when the credential:

   1. Is under investigation;
   2. Has a disciplinary action pending but a disposition has not been rendered; or
   3. Has had a disciplinary action taken against it.

137-016.03 When the Department either accepts or rejects an offer of voluntary surrender or limitation, the Director will issue the decision in a written order. The order will be issued within 30 days after receipt of the offer of voluntary surrender or limitation and will specify:

   1. Whether the Department accepts or rejects the offer of voluntary surrender; and

c. Any terms and conditions for reinstatement.

137-016.04 A limitation may be placed on the right of the credential holder to practice a profession or operate a business to the extent, for the time, and under the conditions as imposed by the Director.

137-016.05 Violation of any of the terms and conditions of a voluntary surrender or limitation by the credential holder will be due cause for the refusal of renewal of the credential, for the suspension or revocation of the credential, or for refusal to restore the credential.

137-016.06 Reinstatement following voluntary surrender is set out in 172 NAC 137-017.
