TITLE 92 NAC - NEBRASKA DEPARTMENT OF EDUCATION
CHAPTER 72 - ~~COST SHARING AND COST CONTAINMENT RULES FOR~~
VOCATIONAL REHABILITATION SERVICES

001. General Information

001.01. Laws and Regulations. The Nebraska Vocational Rehabilitation Program operates pursuant to the Rehabilitation Act, found in the United States Code, Title 29, Section 701 et. seq.; federal regulations found in the Code of Federal Regulations, Chapter 34, Part 80 and Parts 360 et. seq.; Revised Nebraska Statutes §79-11,121 et. seq.; and, the Nebraska Vocational Rehabilitation State Plan which is filed and updated annually with the United States Department of Education.

001.02. Administration. The program is administered under the general supervision and direction of the Commissioner of Education. The Director is appointed by the Commissioner, with the approval of the State Board of Education, in accordance with established personnel standards and on the basis of the Director's education, training, experience, and demonstrated ability in the field of vocational rehabilitation. The Director shall, with the approval of the Commissioner, establish and maintain appropriate subordinate administrative units within the program.

001.03. Department Policies. Any policies, manuals, or procedures issued by the Commissioner of Education or approved by the State Board of Education relating to the internal operation of the State Department of Education shall apply to all activities performed by the program.

001.04 Purposes. The purpose of the program is to operate a comprehensive and coordinated program designed to provide individuals with disabilities with vocational rehabilitation services which will increase their productivity and employment opportunities, increase their ability to achieve independent living, and maximize their community inclusion and integration so they may prepare for and engage in gainful employment.

001.05. Services, Goods, and Supports. The program will provide services reasonable and necessary to achieve an employment outcome to eligible individuals with disabilities consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

TITLE 92
CHAPTER 72

001.06. Staff Responsibilities. ~~The Program is~~ ~~staff members are~~ responsible for all decisions concerning the eligibility for vocational rehabilitation services; the nature and scope of available vocational rehabilitation services; the provision of rehabilitation services; the determination that a recipient has achieved an employment outcome commensurate with his or her unique strengths, resources priorities, concerns, abilities, capabilities, interests and informed choice; and, the allocation and expenditure of program funds. These responsibilities may not be delegated to any other organization or individual.

001.07. Individual Responsibilities. Individuals participating in the program as either an applicant or a recipient have the following responsibilities:

001.07A. To be honest regarding their intent to ~~maximize their employment by achieving~~ an employment outcome consistent with their unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choices;

001.07B. To cooperate, which includes keeping scheduled appointments on time, following medical and other professional advice including advice provided by program staff, and completing all assignments and other tasks on time;

001.07C. To assume primary responsibility for identifying their employment outcomes, planning their vocational rehabilitation services, and carrying out their individualized plans for employment;

001.07D. To help pay for the costs of services received by seeking out, applying for, and using any comparable services and benefits for which they are eligible, ~~and sharing in the cost of services as required by Section 003;~~ and,

001.07E. To keep in regular contact with program staff regarding case progression, including promptly informing program staff of changes in their personal and financial circumstances, and of problems encountered with services or service providers.

001.08 Failure to Comply with Responsibilities. Failure of an applicant or recipient to comply with any of these responsibilities in Section 001.07 may result in the termination of program services.

001.09. Personal Information. Personal information relating to applicants and recipients will be kept confidential according to applicable federal law, state law,

TITLE 92
CHAPTER 72

and related regulations.

001.10. Implementation Date. ~~Regardless of the effective date of the approval of this chapter, individual recipient IPE provisions related to cost sharing, cost containment or other provisions in this Chapter, will comply with the provisions of this chapter, as approved with an effective date of December 18, 2000, until the recipient's IPE is revised, amended, or cost sharing is recalculated per Section 003.06A. Individual recipient Individualized Plan for Employment (IPE) provisions related to post-secondary training will become effective on July 1 following the effective date of this Chapter. All other provisions of this Chapter become effective on the effective date of this Chapter.~~

002. Definitions. Terms used in this Chapter not defined below have meaning as defined in the laws and regulations of the Rehabilitation Act.

002.01. Applicant shall mean an individual who has completed, signed, and submitted an application form to participate in the program. If appropriate, the applicant may have a parent, family member, guardian, advocate, or other authorized representative sign the application.

002.02. Comparable services and benefits shall mean services and benefits that are:

002.02A. Provided or paid for, in whole or in part, by other federal, state, or local public agencies, by health insurance, or by employee benefits;

002.02B. Available to the recipient at the time needed to achieve the employment outcome in their individualized plans for employment; and,

002.02C. Commensurate to the services that the recipient would otherwise receive from the program. The professional licensing, staff qualifications and experience of other federal, state, or local public agencies will not be factors used to determine whether services or benefits are to be considered commensurate.

002.03. Department shall mean the Nebraska Department of Education.

002.04. Director shall mean the Director of Vocational Rehabilitation.

002.05. Eligibility shall mean an individual with a disability who meets the requirements to participate in the program. Such requirements are that:

TITLE 92
CHAPTER 72

002.05A. He or she has a physical or mental impairment;

002.05B. The impairment constitutes or results in a substantial impediment to employment; ~~which makes it very difficult for the individual to prepare for, enter into, engage in, or retain employment consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice;~~

002.05C. The individual can benefit in terms of an employment outcome from the provision of program services; and,

002.05D. The individual requires services from the program in order to prepare for, secure, retain, or regain employment.

002.06. Employment outcome shall mean:

002.06A. Entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market;

002.06B. Satisfying the vocational outcome of supported employment; or,

002.06C. Satisfying any other appropriate vocational outcome, including the vocational outcome of self-employment, telecommuting, or business ownership in a manner consistent with the Rehabilitation Act.

~~002.07. Individual with a disability shall mean any individual who has a physical or mental impairment which, for the individual, constitutes or results in a substantial impediment to employment, and can benefit in terms of an employment outcome (as defined above in Section 002.06) from the provision of program services. (MOVED TO 002.10 & 002.10A)~~

~~002.08. Individual with a significant disability shall mean an "individual with a disability" (as defined above in Section 002.07) who has been determined, on the basis of an assessment of eligibility and rehabilitation needs to have. (MOVED TO 002.10 & 002.10B, 002.10B1, 002.10B2, & 002.10B3)~~

~~002.08A. A severe physical or mental impairment that seriously limits one or more functional capacities, such as, communication, interpersonal skills, mobility, self-care, self-direction, work skills, or work tolerance in terms of an employment outcome; and,~~

TITLE 92
CHAPTER 72

~~002.08B. Whose vocational rehabilitation can be expected to require multiple program services over an extended period of time; and,~~

~~002.08C. Who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia, and other spinal cord conditions, sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.~~

~~002.08D. An individual who has been determined by the Social Security Administration to be eligible for Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits on the basis of disability shall be considered to be an individual with a significant disability.~~

~~002.09. Individual with a most significant disability shall mean an "individual with a significant disability" (as defined in Section 002.08) for whom competitive employment has not occurred, or whose competitive employment has been intermittent or interrupted, as a result of the serious physical or mental impairment. (MOVED TO 002.10 AND 002.10C)~~

~~002.0710. Individualized plan for employment, (IPE), shall mean the an individualized written document plan prepared on forms provided by the program, containing descriptions of a specific employment outcome, the nature and scope of needed services and the entities to provide them, the criteria to evaluate progress toward achievement of an outcome, and the responsibilities of the program and the recipient, including the recipient's participation in paying for the costs of the plan.~~

~~002.0710A. Before a recipient may begin program services, the plan must be agreed to and signed by the recipient or, if appropriate, a parent, a family member, a guardian, an advocate, or an authorized representative, and approved and signed by an authorized program staff member.~~

TITLE 92
CHAPTER 72

002.0710B. Before approving a recipient's individualized plan for employment, ~~program~~ authorized staff consider:

002.0710B1. The availability of employment opportunities in the specific employment outcome in the recipient's local labor market or a labor market to which the recipient has indicated his or her willingness to relocate.

002.0710B2. The consistency between employer requirements for educational level, type of preparation and relevant work experience in the specific employment outcome and the recipient's educational level, type of preparation, and work experience.

002.0710B3. The consistency between employer wages and benefits in the specific employment outcome and the recipient's needs to meet necessary costs of living, rehabilitation technology, impairment related work expenses, and health care and impairment treatment.

002.0710B4. The consistency between the typical work environment in the specific employment outcome and the recipient's work interests, values, and needs.

002.0710B5. The consistency between the essential functions typically performed in the specific employment outcome and the recipient's functional abilities.

002.0710B6. The recipient's ability to benefit from the specific vocational rehabilitation services included in the plan to the degree necessary to resolve all inconsistencies in Sections 002.0710B2 through 002.0710B5.

002.0710C. ~~Program~~ Authorized staff may approve a recipient's individualized plan for employment if, after considering the factors in Section 002.0710B, they determine that:

002.0710C1. The specific employment outcome will be available to the recipient in the local labor market, or a labor market to which the individual is willing to relocate;

002.0710C2. The specific employment outcome available to the

TITLE 92
CHAPTER 72

recipient will provide the earnings and benefits necessary to meet the criteria for an employment outcome in Section 002.06;

002.0710C3. The plan includes the vocational rehabilitation services necessary to resolve all inconsistencies between employer requirements and occupational characteristics associated with the specific employment outcome and the recipient's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests,; and informed choice; and,

002.0710C4. There is a service provider available (including program staff) for each of the necessary vocational rehabilitation services in the recipient's community or a community to which the individual is willing to relocate to receive services.

002.0811. Informed choice shall mean the principle by which applicants and recipients, with support services as necessary, are provided a meaningful opportunity to participate in decisions with regard to the selection of an employment outcome, program services (including assessment services), and service providers, through the provision of, or assistance in the acquisition of, information relating to:

002.0811A. The availability of employment opportunities;

002.0811B. The availability and flexibility to provide potential services (including accessibility, duration, cost, and cost sharing requirements, service provider past performance in achieving results or employment outcomes and the quality of those results or outcomes, and recipient satisfaction);

002.0811C. The qualifications of potential service providers;

002.0811D. The types of services offered by that provider; and,

002.0811E. The degree to which services are provided in integrated settings.

002.0912. Mental impairments shall mean impairments produced by any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

TITLE 92
CHAPTER 72

002.1013. Order of selection shall mean the process whereby applicants are identified and categorized into priority groups based on the significance of their disabilities and served accordingly. Due to fiscal constraints, placement into the priority group determine when the program will be able to initiate services for otherwise eligible applicants. The three groups are as follows: (Group 1) individuals with a most significant disability; (Group 2) individuals with a significant disability; and, (Group 3) all other individuals with a disability. the order in which eligible individuals will be served when funding is not sufficient to serve all eligible individuals. Individuals in priority group one will be served first, followed by those in priority group two and lastly those in group three.

002.10A. Priority Group Three: All eligible individuals.

002.10B. Priority Group Two: Any eligible individual who:

002.10B1. Has a severe physical or mental impairment that seriously limits one functional area (mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome, and

002.10B2. Requires multiple services over an extended period of time, and

002.10B3. Has one or more physical or mental impairments resulting from amputation, arthritis, autism, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord injuries, including paraplegia and quadriplegia, sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitations.

Note: Individuals who receive Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) automatically qualify for priority group two and are assessed to determine whether they qualify for priority group one.

TITLE 92
CHAPTER 72

002.10C. Priority Group One: Any eligible individual who:

002.10C1. Has a severe physical or mental impairment that seriously limits two or more functional areas (mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome, and

002.10C2. Requires multiple services over an extended period of time, and

002.10C3. Has one or more physical or mental impairments resulting from amputation, arthritis, autism, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord injuries, including paraplegia and quadriplegia, sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitations.

002.114. Physical impairments shall mean those impairments produced by any physiological disorder or condition, cosmetic disfigurement, or anatomical loss, affecting one or more of the body systems which includes neurological, ~~musculo-skeletal~~, ~~special-sense~~ organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genito-urinary, hemic and lymphatic, skin, and endocrine systems.

002.125. Program shall mean the Nebraska Department of Education's Vocational Rehabilitation Services program.

002.136. Recipient shall mean an applicant who has met the eligibility requirements, ~~and~~ is qualified for services pursuant to the order of selection and is currently participating in the program.

002.147. Requires vocational rehabilitation (program) services shall mean the determination that an individually planned and coordinated program of specific services is required for an individual to prepare for, secure, retain, or

TITLE 92
CHAPTER 72

regain employment. In making this determination, considerations include:

~~002.17A.~~ The individual's intent to maximize employment by achieving an employment outcome consistent with his or her unique resources, priorities, concerns, abilities, capabilities, interests, and informed choices.

~~002.147AB.~~ The individual's need for specialized services, supports, or accommodations not typically used by the general public; and,

~~002.147BC.~~ The need for planning and coordination of multiple or complex services over a long duration to enable the individual to secure, retain, or regain employment.

~~002.158.~~ Substantial impediment to employment shall mean an impediment due to that a physical or mental impairment (in light of attendant medical, psychological, vocational, educational, communication, and other related factors) hinders an individual from preparing for, entering into, engaging in, or retaining employment consistent with the individual's abilities and capabilities, such that the individual is prevented from working; is significantly restricted in the condition, manner, or duration under which he or she can work; or, is significantly restricted in his or her ability to perform either a class of jobs or a broad range of jobs in various classes. In determining whether the individual's physical or mental impairment causes or results in a substantial impediment to employment, the following other related factors are considered:

~~002.18A.~~ The nature of the physical or mental impairment;

~~002.18B.~~ The duration or expected duration of the impairment; and,

~~002.18C.~~ The permanent or long term impact (or expected impact) of the impairment.

003. Cost Sharing

~~003.01.~~ Required Services and Supports. Cost sharing is required from recipients when they receive the following program services and supports:

~~003.01A.~~ Assistive Devices (other than Rehabilitation Technology Durable medical goods)

TITLE 92
CHAPTER 72

- ~~003.01B. Child Care Expenses~~
- ~~003.01C. Computers~~
- ~~003.01D. Employment Occupational Tools~~
- ~~003.01E. Employment Uniforms & Clothing~~
- ~~003.01F. Eyeglasses~~
- ~~003.01G. Hearing Aids~~
- ~~003.01H. Increased Living Costs~~
- ~~003.01I. Licenses & Permits~~
- ~~003.01J. Lodging & Per Diem~~
- ~~003.01K. Medical Treatment and Drugs~~
- ~~003.01L. Rehab Technology Durable medical goods~~
- ~~003.01M. Rehab Technology Home Modification~~
- ~~003.01N. Rehab Technology Prostheses~~
- ~~003.01O. Rehab Technology Rehab Engineering~~
- ~~003.01P. Rehab Technology Repair~~
- ~~003.01Q. Rehab Technology Technology Use Training~~
- ~~003.01R. Rehab Technology Vehicle Modification~~
- ~~003.01S. Rehab Technology Vehicle Modification Assistance
with existing modifications.~~
- ~~003.01T. Relocation Costs~~
- ~~003.01U. Security Deposit Rental~~
- ~~003.01V. Small Business Start Up Expenses~~

TITLE 92
CHAPTER 72

- ~~003.01W. Small Business Technical Assistance~~
- ~~003.01X. Training Skill Building~~
- ~~003.01Y. Travel by Private Vehicle or Public Transportation~~
- ~~003.01Z. Utility Initiation~~
- ~~003.01AA. Vehicle Repair~~
- ~~003.01AB. Other goods and services determined necessary for the recipient to achieve an employment outcome; and,~~
- ~~003.01AC. Post-employment services consisting of any of the above.~~
- ~~003.02. Exempted Services and Supports. Cost sharing is not required from recipients who are eligible for Social Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits, or for the following program services and supports:~~
 - ~~003.02A. Any service or support required in the assessment for determining eligibility or vocational rehabilitation needs.~~
 - ~~003.02B. Any service provided directly by program staff, including benefits planning; career planning; community assessment; disability awareness; employment success skills training; independent living skills training; information and referral; job seeking skills training; job placement assistance; job retention assistance; personal adjustment; personal management; rehabilitation engineering; skill building; technology use training, and work incentives awareness.~~
 - ~~003.02C. Basic academic or literacy training,~~
 - ~~003.02D. Job readiness training provided by community rehabilitation programs,~~
 - ~~003.02E. Intensive job skill training leading to a supported employment outcome;~~
 - ~~003.02F. On the job training,~~
 - ~~003.02G. Personal assistance services including readers, interpreters for the hearing impaired, foreign language interpreters, and personal care~~

TITLE 92
CHAPTER 72

~~assistants.~~

~~003.02H. Independent Living Supplies,~~

~~003.02I. Worksite Modification.~~

~~003.03. Verification. The program may request verification from an applicant or recipient about income, assets, impairment related expenses, or dependent status. Sources of verification may include paycheck stubs, bank statements, income tax returns and related financial records. Failure to provide timely, accurate information or verification may result in the termination of program services.~~

~~003.04. Exceptions. Area Administrators have the authority and discretion to grant reasonable exceptions to the required amount or timing of cost sharing based on individual recipient circumstances. Individual circumstances that Area Administrators will consider include:~~

~~003.04A. The effects of fluctuating, unstable or seasonal income;~~

~~003.04B. Unanticipated impairment related expenses;~~

~~003.04C. Pending impairment related expenses;~~

~~003.04D. The inability to liquidate assets or resources; or,~~

~~003.04E. The ability to financially participate in a timely manner at the time the service is needed.~~

~~003.05. Financial Information and Updates. Financial information regarding the recipient and his or her family unit is gathered at the time of application to determine the amount of money a recipient must contribute toward the cost of program services. The financial information should be accurate at the time the individualized plan for employment begins. Periodic updates on financial information may be gathered by program staff as necessary.~~

~~003.06. Cost Sharing. The total amount of the recipient's cost sharing is determined by identifying the recipient's income and assets. Recipient's income will be calculated by determining gross income, deducting any impairment-related expenses and identifying a net amount. Cost sharing is required if~~

TITLE 92
CHAPTER 72

~~family income is greater than 185% of the most recent Poverty Guidelines for the 48 Contiguous States and the District of Columbia published and updated annually by the U.S. Department of Health and Human Services. Recipients will be required to contribute ten percent (10%) of the income above the income threshold amount toward the cost of those program services requiring cost sharing. Recipients will also be required to contribute twenty five (25%) percent of their assets, as defined in Section 003.09, above the threshold amount identified in Appendix A each IPE year. The program will not contribute toward recipient's services during a plan year until the recipient meets his or her financial obligations.~~

~~003.06A. Recipient cost sharing will be calculated on an annual basis. Annually the amount of cost sharing will be documented in the consumer service record. During the IPE plan year the amount of cost sharing will not change unless the IPE is amended upon agreement and signature consent of the recipient and the program.~~

~~003.06B. When recipients are self-employed and/or are farmers, the recipient will be asked to report their business income. The business or farm income will be based on the previous year's annual income reported on the Federal Income Tax Return Forms 1040, 1065, Schedule C, Schedule F, and other IRS forms used to report income.~~

~~003.06C. If the recipient will complete his or her IPE in less than twelve (12) months, the amount of cost sharing is prorated based on the duration of the program.~~

~~003.07. Income and Family Unit Size. Cost sharing is based on current cash income from any source, including crop assistance and public assistance received by the recipient and the recipient's family unit. Income tax returns will be used to estimate the cash income of those whose income derives in whole or in part from a family farm or business. Total income of the family unit must be considered. The family unit includes the recipient, parents (or guardians), spouse, children, and any blood relative living in the same household who is claimed as a dependent of the recipient, parents (or guardian), or spouse on federal and state income taxes. If court ordered monthly child support is paid by the recipient or a member of the recipient's family unit, children not living in the same household may be added to the recipient's family size. Parental income is not considered for any recipient who has reached the age of majority and will not be claimed as an income tax exemption on either parent's/guardian's tax return for the current year.~~

TITLE 92
CHAPTER 72

~~003.08. — Assets. Cost sharing from assets is limited to those assets that are readily available to the recipient and/or the family unit. These assets include:~~

~~003.08A. — Cash;~~

~~003.08B. — Savings or checking account deposits;~~

~~003.08C. — Stocks;~~

~~003.08D. — Bonds;~~

~~003.08E. — Certificates of deposit;~~

~~003.08F. — Non-restricted trust funds or educational trust funds; and~~

~~003.08G. — Any other liquid asset that can be converted to cash without incurring a substantial tax penalty for early withdrawal.~~

~~003.09. — Non-Assets. The following assets are not considered when calculating cost sharing:~~

~~003.09A. — Capital assets such as real estate or individual property that must be sold or used as collateral to secure cash;~~

~~003.09B. — Restricted Trust Funds;~~

~~003.09C. — Retirement accounts (such as Individual Retirement Accounts, 401(k) plans or deferred compensation); or,~~

~~003.09D. — Similar assets that cannot be withdrawn or converted to cash without incurring a substantial tax penalty.~~

~~003.10. — Impairment Related Expenses. The cost of impairment related expenses paid by the recipient must be considered in determining the amount of required cost sharing. Impairment related expenses are those costs currently being paid by the recipient for goods and services directly related to the physical or mental impairment such as: medical treatment and therapy; drugs and medicines; travel to and from medical care; medical supplies; adaptive devices; and, similar expenses which would not exist in the absence of the impairment. Impairment related expenses do not include past debts and obligations on which no payments are currently being made. Special diets may be included as an impairment related expense if approved by program staff. If there are~~

TITLE 92
CHAPTER 72

~~impairment related expenses, the amount of impairment related expenses are deducted from income and the amount of recipient cost sharing is calculated from the net amount.~~

~~003.11. Failure to Comply. A recipient's willful failure to comply with cost sharing requirements may result in the termination of program services.~~

0034. Comparable Services and Benefits

0034.01. Program services and funds may supplement, but not supplant, those services and benefits available to a recipient and his or her family from any outside agency or entity. If comparable services and benefits are currently available and ready for immediate use, they must be used to meet, in whole or part, the cost of program services.

0034.02. If any public entity other than the program is obligated under Federal or State law, or assigned responsibility under State policy, to provide or pay for any services that are also considered to be vocational rehabilitation services, then program funds cannot be used to provide or pay for such services. If the program provides or pays for services that a responsible public entity fails to provide or pay for, the program may claim reimbursement for the services from the public entity that failed to provide or pay for the services.

0034.03. Applicants for and recipients of services must apply for and accept any existing comparable service or benefit. Program funds cannot be used to replace comparable services and benefits a recipient is eligible for, but refuses to apply for or accept.

0034.04. The requirement to determine the availability of comparable services and benefits does not apply if this would interrupt or delay:

0034.04A. The provision of program services to any recipient who is at "extreme medical risk." Extreme medical risk is a probability of substantially increasing functional impairment or death if medical services are not provided expeditiously. The determination of extreme medical risk is based upon medical evidence provided by an appropriate licensed medical professional; or,

0034.04B. An immediate job placement.

0034.04C. The progress of recipient for more than thirty (30) days

TITLE 92
CHAPTER 72

toward achieving the employment outcome on the recipient's approved individualized plan for employment.

0045. Services, Goods, and Supports Procurement

0045.01. Least Expensive Cost Alternative. Considering all available alternatives, including those services which can be provided directly by program staff without additional cost to the program, the program will procure the least expensive, comparable services, goods and services supports which meet the recipient's needs.

0045.02. Informed Choice. Consistent with the principle of informed choice, recipients may choose those services, goods, and services supports, service providers, and procurement methods which, in their judgment, best meet their needs. However, if the cost of their choice exceeds in determining the amount of program financial assistance, the program will use the least expensive cost alternative or applicable cost containment provisions in Appendix C, and the recipient must take the responsibility to pay for the excess costs incurred, in addition to any required cost sharing in the cost of the goods and services.

0045.03. Cost Estimates. Selection Criteria. ~~Facilities, programs, and providers of services, whether public or private, are selected on the basis of:~~

0045.03A. The ability to render the specific service required for the lowest cost; For cash advance, one cost estimate must be obtained for services, goods, and supports that are not subject to an established fee or specified amount stipulated in Appendix B costing \$1,999.99 or less. The cost estimate must be documented in the case service record. A cost estimate may be obtained by comparison shopping, use of governmental or educational price lists, catalogs, advertisements, internet, or by telephone.

0045.03B. The qualifications of a professional and technical provider; Two (2) documented estimates must be obtained for services, goods, and supports that are not subject to an established fee or specified amount stipulated in Appendix B costing between \$2,000 and \$4,999.99. Cost estimates may must be obtained from two (2) or more providers in advance of authorizing a recipient to obtain services and supports on a reimbursement basis. Cost estimates may be obtained by comparison shopping, use of governmental or educational price lists, catalogs, or advertisements, internet, or by telephone. A cost estimate from a single

TITLE 92
CHAPTER 72

~~provider may be used if a needed item of assistive technology or equipment necessary service, good, or support is available only from a single source or distributor. Reimbursement cannot exceed the lower of the least expensive alternative or applicable cost containment provisions in Appendix C. Cost Estimates must be documented by the program in the case service record. (MOVED FROM 005.07B1 & 005.07C2)~~

~~0045.03C. The availability of adequate facilities, equipment, and services to meet the recipient's needs; Written cost estimates must be obtained from at least three (3) providers for any item of assistive technology or equipment which has a current fair market value of services, goods, and supports that are not subject to an established fee or specific amount stipulated in Appendix B, costing \$5,000 or more. A written cost estimate from a single provider may be used if a needed item of assistive technology or equipment service, good, or support is available only from a single source or distributor. Written cost estimates must be retained in the case service record. (MOVED FROM 005.07C3)~~

~~005.03D. — Their past performance in achieving results or employment outcomes and the quality of results or employment outcomes achieved; and;~~

~~005.03E. — The informed choice of the recipient.~~

0045.04. In-State Providers. Preference will be given to comparable goods and services that can be procured from Nebraska service providers and businesses, with first preference given to those comparable services which can be provided directly by program staff without additional cost to the program. Use of out-of-state vendors is limited to situations in which an out-of-state vendor is geographically closer to the recipient, the good or service is not available in-state, or the total cost to the program for the good or service is substantially less considering the actual cost of the good or service and the related costs associated with procuring the goods or participating in the service.

0045.05. Real Estate. Program funds cannot be used, either directly or indirectly, for the purchase of any land, or for the purchase or erection of any building.

0045.06. Standards. Facilities used and providers of vocational rehabilitation services must meet the minimum standards in Appendix AB.

TITLE 92
CHAPTER 72

0045.07. Methods of Procurement. The program offers recipients meaningful choices, subject to Appendix B, among from the following three methods to procure vocational rehabilitation services, goods, and supports identified in Sections 003.01 and 003.02, including methods to maximize the ability of recipients to obtain vocational rehabilitation services, goods, and supports from their provider of choice.

0045.07A. Allowances. Cash Advance. ~~Allowances are a fixed An amount paid issued to the recipient to procure agreed on in advance of the purchase of services, goods, and supports. The services and supports for which allowances may be used and the allowance amounts are listed in Appendix C.~~

0045.07A1. The recipient may obtain the services, goods, and supports from the provider of choice.

0045.07A2. The recipient is responsible for any cost in excess of the ~~allowance amounts~~ cash advance.

0045.07A3. The recipient is responsible for providing to program staff itemized receipts or other agreed on evidence to verify appropriate use of the ~~allowance to program staff~~ cash advance.

0045.07B. Reimbursements. ~~Reimbursements are a~~ payment to a recipient to reimburse him or her for costs incurred to procure agreed on for pre-authorized services, goods, and supports, not to exceed the limits in Appendix C pre-authorized amount upon the rendering of recipient's paid or credited receipts or printed online confirmation copy.

005.07B1. ~~Cost estimates must be obtained from two (2) or more providers in advance of authorizing a recipient to obtain services and supports on a reimbursement basis. Cost estimates may be obtained by comparison shopping, use of government or educational price lists, catalogs, or advertisements, or by telephone. A cost estimate from a single provider may be used if a needed item of assistive technology or equipment is available only from a single source or distributor. Reimbursement cannot exceed the lower of the least expensive alternative or applicable cost containment provisions in Appendix C.~~

TITLE 92
CHAPTER 72

~~0045.07B12.~~ The recipient may obtain the services, goods, and supports from the provider of choice.

~~0045.07B23.~~ The recipient is responsible for any cost in excess of the agreed-on-pre-authorized amounts, unless otherwise agreed to by Vocational Rehabilitation.

~~005.07B4.~~ To obtain reimbursement, the recipient is responsible for providing itemized receipts to program staff for the agreed-on services and supports obtained.

~~0045.07C.~~ Program Purchase. The program may directly purchase agreed-on services and supports for the recipient, not to exceed the limits in Appendix C. A pre-authorized amount for the purchase of services, goods, or supports issued to a provider in advance of the purchase.

~~0045.07C1.~~ The program will obtain the services and supports from the provider offering the least expensive alternative, taking into consideration:

The recipient may obtain the services and supports of those providers that are willing to conduct business with the program.

~~005.07C1a.~~ Cost, including the availability of pricing for government or educational agencies;

~~005.07C1b.~~ Provider qualifications;

~~005.07C1c.~~ Quality of goods or services;

~~005.07C1d.~~ Specific recipient needs, including access to repairs or service;

~~005.07C1e.~~ Recipient preferences and informed choices regarding the provider; and,

~~005.07C1f.~~ The past performance of the provider in achieving results or employment outcomes and the quality of results or employment outcomes achieved.

~~005.07C2.~~ Cost estimates must be obtained from at least two (2) providers in advance of authorizing the purchase of services and

TITLE 92
CHAPTER 72

~~supports by the program, other than those obtained on an allowance or fee for service basis. Cost estimates may be obtained by comparison shopping, use of government or educational agency price lists, catalogs, or advertisements, or by telephone. A cost estimate from a single provider may be used if a needed item of assistive technology or equipment is available only from a single source or distributor. Cost cannot exceed the lower of the least expensive alternative or the applicable cost containment provision in Appendix C.~~

~~005.07C3. Written cost estimates must be obtained from at least three (3) providers for any item of assistive technology or equipment which has a current fair market value of \$5,000 or more. A cost estimate from a single provider may be used if a needed item of assistive technology or equipment is available only from a single source or distributor. Written cost estimates must be retained in the consumer service record.~~

0056. Equipment

~~006.01. Equipment necessary for a recipient may be procured by the program, including, but not limited to:~~

~~006.01A. Occupational tools needed or required by the recipient during a training program or for entry into employment;~~

~~006.01B. Business equipment and fixtures to help carry out the requirements and efficient operation of a small business, including apparatus, business machinery, and appliances that are normally provided by the owner or management of the business rather than the employees; and,~~

~~006.01C. Work place equipment required by the recipient because of the nature of the recipient's physical or mental impairment.~~

0056.012. The program shall retain a vested interest in any items of equipment in which its share of the current market value is \$5,000 or more.

0056.012A. If a recipient sells an item of equipment in which the program has a vested interest, the program has a right to its share of the current market value or the proceeds from sale.

TITLE 92
CHAPTER 72

0056.012B. The program uses a straight line, 20% per year depreciation schedule to determine the current market value of its share. When the program share of the current market value is less than \$5,000, the vested interest is relinquished.

0067. Scope of Services and Fees

~~007.01. Program Purpose. The program is not a health maintenance program, or a form of medical insurance. Individuals with disabilities may have continuing, long term needs for health maintenance, continued treatment, or management of the physical or mental impairment, including medications and therapies for maintenance of function. Earnings and fringe benefits, family resources, and the services of appropriate public and private agencies, organizations, and service providers should be used to the maximum extent possible to meet these needs. (MOVED TO 006.04)~~

0067.012. Fee Schedules. The program's fee schedule in Appendix BC is designed to establish a reasonable cost to the program for each purchased vocational rehabilitation service, good, or support. The fee schedule applies to all services, goods, or supports. If the recipient chooses an out-of-state or non-tax supported service or support, the program is not responsible for those costs in excess of the costs of the in-state or tax-supported service, good, or support.

0067.023. Exceptions to Fee Schedules. Area Administrators have the authority and discretion to make reasonable exceptions to the fee schedule in Appendix BC based on individual circumstances. Exceptions may be granted if the Area Administrator determines there is no alternative to addressing a recipient's need for a service or support necessary to complete an assessment for determining eligibility and vocational rehabilitation needs or to achieve the employment outcome on the recipient's approved Individualized Plan for Employment.

0067.034. Financial Assistance Exclusions. The program will not provide financial assistance for fines, penalties, damages, and other settlements resulting from recipient violations (or alleged violations) of, or failure of the recipient to comply with, federal, state, local, or Indian tribal laws and regulations, including, but not limited to, traffic and parking violations. The program also will not provide financial assistance toward the recipient's outstanding financial obligations or judgments resulting from civil or criminal legal proceedings, or for the costs of any travel outside the United States. Fees to reinstate a driver's license are not considered a fine or penalty and are not

TITLE 92
CHAPTER 72

precluded from financial assistance.

0067.045. Medical Services Excluded. ~~The program will not provide financial resources for the following medical services: abortion; medical care for injuries or acute illnesses which are unrelated to the individual's disabling condition and are not complications of physical or mental treatment services; experimental physical or mental treatment procedures; surgical implantation of any device or organ, in whole or part, in the body; and, sex change surgery.~~ The program is not a health maintenance program, or a form of medical insurance. Individuals with disabilities may have continuing, long-term needs for health maintenance, continued treatment, or management of the physical or mental impairment, including medications and therapies for maintenance of function. Earnings and fringe benefits, family resources, and the services of appropriate public and private agencies, organizations, and service providers should be used to the maximum extent possible to meet these needs. *(DELETION MOVED TO 006.05. ADDITION MOVED FROM 007.01)*

0067.05. Medical Services Exclusions. The program will not provide financial resources for the following medical services: abortion, routine dental care, medical care for injuries or acute illnesses which are unrelated to the individual's disabling condition and are not complications of physical or mental treatment services; experimental physical or mental treatment procedures; surgical implantation of any device or organ, in whole or part, in the body; and, sex change surgery.

0067.06. Treatment of physical and mental impairments. The program will provide financial assistance for the diagnosis and treatment of physical and mental impairments to the extent that financial support is not readily available from a source other than the program (such as through health insurance of the individual or comparable services and benefits). The purpose of diagnosis and treatment of physical and mental impairments is to eliminate or substantially reduce, within a reasonable period of time, the impediment to employment caused by a stable or slowly progressive impairment. Diagnosis and treatment of physical and mental impairments includes, but is not limited to:

0067.06A. Corrective surgery or therapeutic treatment (including physical therapy, occupational therapy, speech or hearing therapy, and drugs and supplies).

TITLE 92
CHAPTER 72

0067.06B. Necessary hospitalization in connection with surgery or treatment.

0067.06C. Treatment of either acute or chronic medical complications and emergencies that are associated with or arise out of the provision of physical and mental treatment services or that are inherent in the individual's disabling condition.

0067.06D. Diagnosis and treatment for mental and emotional disorders by qualified personnel under state licensure laws only to the extent that inpatient and outpatient mental health, alcohol, and drug treatment are not provided through publicly funded state treatment facilities, community mental health centers, and alcohol and drug treatment programs.

0067.07. Conditions and criteria for providing financial assistance for the diagnosis and treatment of physical and mental impairments are that:

0067.07A. The physical or mental impairment must be stable or slowly progressive and constitute a substantial impediment to employment.

0067.07B. The necessary corrective surgery, therapeutic treatment, or other diagnosis and treatment of physical and mental impairments must reasonably be expected to eliminate or substantially reduce the impediment to employment within a reasonable length of time.

0067.07C. Comparable services and benefits must be aggressively sought to pay for the costs of any diagnosis and treatment of physical and mental impairments.

0078. Home Modifications

0078.01. Purpose. Home modifications are strictly limited to removal of barriers to access and function within the home environment and other limited modifications which are necessary to convert ordinary living space into space essential to achieve the employment outcome of the recipient.

0078.02. Cost estimates. Cost estimates are required for the purchase of home modifications, ~~unless the home modification will be obtained from a prequalified vendor.~~ Cost estimates may be obtained from catalogs, advertisements, by telephone, or in writing from qualified vendors. Cost

TITLE 92
CHAPTER 72

estimates shall be obtained from a minimum of two (2) providers, unless there is only one (1) qualified provider available, ~~or it is unreasonable to obtain estimates from more than one provider. If there is only one qualified provider available, a single estimate may be used.~~

0078.03. Erection of Structures. Home modifications cannot constitute the erection of new rooms, units, or structures.

0078.04. Scope. Scope and extent of home modifications are limited to:

0078.04A. Ramps. A single exterior ramp may be provided to enable the recipient to enter and leave the home, provided that the recipient will be engaging in services necessary to achieve an employment outcome.

0078.04B. Stair Glides or Elevators. Exterior stair glides or elevators may be provided instead of a ramp if there are circumstances such as small lot size, lot grades, excessive comparative costs, etc., precluding the use of a ramp.

0078.04C. Exterior Doors. A single exterior doorway may be widened and the outer doors replaced, if necessary, to permit the recipient to enter and leave the home.

0078.04D. Interior Doorway. An interior doorway may be widened to permit the recipient to enter and leave a bathroom, personal bedroom, eating area, or other rooms in the house when essential to achieve the goals on the individualized plan for employment.

0078.04E. Bathrooms. Modifications to the bathroom may be provided, when necessary, to enable the recipient to function more independently in self-care activities such as bathing and toileting. These modifications are limited to:

0078.04E1. Widening the doorway and replacing the door, if necessary, to provide access to the bathroom.

0078.04E2. Providing access to the sink, including specialized sink fixtures, if required by the recipient's impairment.

0078.04E3. An extension seat to the commode, if necessary. The commode shall be replaced, only if required, because of the recipient's impairment. Similarly, the commode shall be relocated only if there is no other option available to permit functional use of

TITLE 92
CHAPTER 72

the bathroom.

0078.04E4. The bathtub may be modified by the use of grab bars, adapted seating, hydro guards, adapted fixtures, or other modifications.

0078.04E5. The bathtub may be replaced by a roll-in shower if required by the impairment.

0078.04E6. The bathtub or roll-in shower may be relocated only if there is no other option to permit functional use of the bathroom.

0078.04E7. Patching, priming, and painting the wall or walls disturbed by the above modifications, with color matching to the closest possible, using commonly available standard grade paint.

0078.04E8. Bathroom modifications may include reconnecting moved fixtures and equipment to existing plumbing and electrical systems.

0078.04E9. Bathroom modifications may include recovering the floor with a standard grade vinyl bathroom floor covering, unless carpeting is needed for mobility or safety reasons.

0078.04E10. Bathroom modifications may include the provision of limited accessible storage space required for functional use in accordance with the individualized plan for employment.

0078.04F. Kitchen. The kitchen may be modified, if necessary, to permit the recipient to engage in self care, daily living, or housekeeping activities, such as eating, cooking, and meal preparation. Kitchen modifications are strictly limited to:

0078.04F1. Widening the doorway to permit access to eating or cooking areas.

0078.04F2. Lowering or raising a portion of existing counters to provide a work surface for cooking or meal preparation.

0078.04F3. Opening areas under a sink or counter to provide access.

TITLE 92
CHAPTER 72

0078.04F4. Necessary framing and finishing to install front controlled range top units or wall ovens, provided the recipient cannot use conventional units.

0078.04F5. Lowering existing above counter storage units to provide access to stored food, kitchen, and household supplies.

0078.04F6. Patching, priming, and repainting the wall or walls disturbed by the above modifications, with color matching to the closest possible, using commonly available standard grade paint.

0078.04F7. Covering the area of the floor exposed by opening access to the sink or counter areas, with matching to the closest possible, using commonly available standard grade vinyl floor covering.

0078.04F8. Cupboards or storage space lost by the conversion of storage space to work or access space may be replaced, provided that the remaining cupboard or storage space is inadequate. In this case, replacement is limited to the amount of storage space required for functional use, in accordance with the rehabilitation plan.

0078.04F9. Kitchen modifications may include the purchase of range tops, wall ovens, or microwave ovens if the person will engage in cooking or meal preparation. Other specialized equipment needed by the recipient for these purposes because of impairment may also be purchased at the discretion of the program.

0078.04G. Laundry Area. The laundry area may be modified, if necessary, to permit the recipient to do the laundry. Laundry area modifications are strictly limited to:

0078.04G1. Widening the doorway to permit access to the laundry area.

0078.04G2. Providing access to the washer and dryer, including the purchase of washer and dryer units whose design characteristics permit functional use by the recipient.

0078.04G3. Relocation of the laundry area, provided that the existing laundry area is in an inaccessible location and access

TITLE 92
CHAPTER 72

cannot be created at a cost lower than that of relocation. Relocation may include connecting the washer and dryer into existing plumbing and electrical systems, venting the dryer, and covering the laundry area floor with commonly available standard grade vinyl floor covering.

0078.04H. Other Rooms. Modification of other rooms of the house is strictly limited to those rooms which will be used for purposes directly related to achieving the goals on the recipient's individualized plan for employment.

0078.04I. Doorways. Doorways may be widened to provide access and trimmed to the standard of current new construction using commonly available standard grade materials.

0078.04J. Interior Doors. Interior doors may not be replaced, with the exception of bathroom and personal bedroom doors, essential to privacy.

0078.04K. Other Modifications. Other modifications are strictly limited to those necessary for purposes directly related to achieving the goals on the recipient's individualized plan for employment.

0078.04L. Walls. Relocation of existing walls. The size of existing bathroom, kitchen, or laundry space can be increased by relocating an existing wall if this is the only option available to create an accessible and functional bathroom, kitchen, or laundry for the recipient. However, space taken for this purpose cannot be replaced.

0078.04M. Building Materials. All modifications must use commonly available standard grade building materials, fixtures, floor covering, paint, and appliances. Commonly available standard grade means that which is typically used in current new construction of medium priced housing. The recipient may choose to upgrade material to match the original construction or to coordinate style and color of new fixtures, equipment, or appliances with that of other items. However, the recipient must pay for any difference in cost between standard grade and desired materials. This payment must be in addition to any other individual cost sharing in the individualized plan for employment.

0078.04N. Stair Glides, Lifts, and Elevators. Home modifications involving interior stair glides, lifts, or elevators may be provided only in situations where movement between floors in the structure is directly

TITLE 92
CHAPTER 72

related to achieving the goals on the individualized plan for employment and there are no other options for achieving these goals.

0078.04O. Heating and Cooling. Home modifications involving heating and cooling systems are strictly limited to those specifically required by the recipient's impairment and may include an air conditioner, air purifier, humidifier, and dehumidifier which attaches to the primary system, or single room air conditioner, purifier, humidifier, or dehumidifier units sufficient for the room in which the recipient will perform most of the activities related to the individualized plan for employment.

0078.04P. Plumbing and Electrical Systems. Home modifications involving plumbing and electrical systems are strictly limited to those required to connect impairment related equipment and appliances, or relocated appliances and fixtures, into existing systems within the existing structure.

0078.05. Building Codes and Safety. All home modifications must conform to applicable local building codes and generally recognized design standards. When suitable to the needs of the individual and their residence, the design standards of the Fair Housing Act Amendments and the Americans with Disabilities Act Standards for Accessibility will be considered in the design of modifications even when not required. However, in-home safety is the responsibility of the recipient or his or her family, not the program. The recipient is responsible for providing smoke detectors, additional exits, and related personal safety features

0078.06. New Home Construction. In situations where the recipient plans to, or is in the process of, constructing a new home or is building an addition to an existing home, assistance is strictly limited to the purchase of impairment related equipment. The recipient is responsible for all installation costs.

0078.07. Rental or Leased Property. Accommodations or modifications to individually occupied rental or leased property may only be made if the owner refuses to make the modifications him/herself; the owner has given all appropriate clearances and approvals; building permits, and other pre-modification consents have been obtained; and, the recipient has no plans to move or otherwise vacate the premises.

0078.08. Amount of financial assistance. The amount of financial assistance

TITLE 92
CHAPTER 72

cannot exceed the lower of the least expensive alternative or the limit on Rehabilitation Technology-Home Modifications in Appendix BC.

0078.09. Exceptions. The Program Director of Independent Living has the authority and discretion to make reasonable exceptions to any state imposed home modification regulations in this section and related fees in Appendix B based on individual circumstances. Exceptions may be granted if he or she determines there is no alternative to accomplish the necessary accommodation in a safe manner.

007.10. Housing Quality Standards. Prior to resolving accessibility issues, the individual's home shall be in such condition that the property does not present a health and/or safety risk to the individual. Hazardous defects in the structure (walls, floor, ceiling, foundation, roof), electrical, or plumbing problems/codes violations need to be corrected before any modifications for accessibility can be considered. The cost of correcting these deficiencies shall be the individual's responsibility.

0089. Vehicles Modifications

009.01. Purpose. ~~Vehicle modifications are strictly limited to those limited changes, adaptations, or adjustments to a recipient's vehicle that enable him or her to operate or ride in the vehicle and are essential to achieve the employment outcome of the recipient.~~ *(MOVED TO 008.02A)*

008.01. Vehicle Repair.

008.01A. Purpose. Vehicle repairs are only completed on a vehicle when essential to enable the recipient to achieve their employment outcome.

008.01B Repair Requirements. Repairs are limited to a vehicle that:

008.01B1. Will be in good mechanical condition upon completion of the necessary repairs. If necessary this is determined by consultation with a qualified mechanic familiar with the vehicle,

008.01B2. Is licensed and titled in the name of the recipient, his or her spouse, or his or her parent or guardian and for which there is current full liability insurance coverage, and

008.01B3. Whose operator has a current valid driver's license to operate a vehicle in the State of Nebraska.

TITLE 92
CHAPTER 72

~~009.02. Vehicle Requirements. Vehicle modifications are strictly limited to those vehicles that are in good working condition, have a reasonable expected life, and are suitable for the adaptations and modifications required by the recipient. If the vehicle age exceeds four (4) years (based on date of original sale), or the vehicle mileage exceeds 50,000 miles, the recipient must provide a statement from a qualified mechanic showing that the vehicle is in good working condition. The recipient is responsible for the cost of any repairs needed to put the vehicle into good working condition. (MOVED TO 008.02B1)~~

008.02. Vehicle Modifications

008.02A. Purpose. Vehicle modifications, new or existing on a vehicle being acquired by the recipient, are strictly limited to those limited changes, adaptations, or adjustments to a recipient's vehicle that enable him or her to operate or ride in the vehicle and are essential to achieve the employment outcome of the recipient. (MOVE FROM 009.01)

008.02B. Modification Requirements. Modifications are limited to the following vehicles.

008.02B1. A vehicle that is in good working condition, has a reasonable expected life, and is suitable for the adaptations and modifications required by the recipient. If the vehicle age exceeds four (4) years (based on date of original sale), or the vehicle mileage exceeds 50,000 miles, the recipient must provide a statement from a qualified mechanic showing that the vehicle is in good working condition.

~~008.02B2. Vehicle modifications are strictly limited to those vehicles that are~~ A vehicle that is licensed and titled in the name of the recipient, his or her spouse, or his or her parent, and for which there is current full liability insurance coverage. (MOVED FROM 009.03)

008.02C Cost Estimates.

~~008.02C1. Cost estimates are required for the purchase of vehicle modifications, unless the vehicle modifications will be obtained from a pre-qualified vendor.~~ Two (2) documented estimates must be obtained for any modifications costing between \$2,000 and \$4,999.99. Cost estimates may be obtained

TITLE 92
CHAPTER 72

by comparison shopping, use of governmental or educational price lists, from catalogs, advertisements, internet or by telephone, or in writing from qualified vendors. Cost estimates shall be obtained from a minimum of two (2) providers, unless there is only one (1) qualified provider available or it is unreasonable to obtain estimates from more than one (1) provider. If there is only one (1) qualified provider available, a single estimate may be used. A cost estimate from a single provider may be used if the modifications are only available from a single source or distributor. Cost estimates must be documented by the program in the case service record. (MOVED FROM 009.04)

008.02C2. Written cost estimates must be obtained from at least three (3) providers for any modifications costing \$5,000 or more. A cost estimate from a single provider may be used if the modifications are only available from a single source or distributor. Written cost estimates must be retained in the case service record.

008.02D. Exceptions. Exclusions. Vehicle modifications expressly do not include ~~serve or joystick controlled steering, braking systems, or any other system that replaces the stock steering, braking systems, or major part of the stock system~~ provided as original equipment by the manufacturer. (MOVED FROM 009.05)

008.02E. Scope. The scope and extent of vehicle modifications is limited to:

008.02E1. Entry and Exit Aids. Entry and exit aids and devices may be provided to enable the recipient to enter and exit the vehicle. These include door openers, grab bars, wheelchair lifts, handling devices, or similar devices. (MOVED FROM 009.06A)

008.02E2. Riding Aids. Riding aids and devices may be provided to enable the recipient to ride in the vehicle. These include wheelchair locks, tie-downs, safety belts, and similar aids and devices that enable the recipient to ride in the vehicle without significant individual risk. (MOVED FROM 009.06B)

TITLE 92
CHAPTER 72

008.02E3. Driving Aids. Special automotive driving aids may be provided if the recipient will operate the vehicle. These include brake and accelerator controls, dimmer switch controls, left foot accelerator, parking brake controls, right-hand operated turn lever, left-hand operated shift lever, and add-on reduced effort power steering or braking modifications designed for use with the stock systems provided as original equipment by the vehicle manufacturer. (*MOVED FROM 009.06C*)

008.02E4. Interior and Structural Adaptations. Limited interior and structural adaptations and modifications may be provided, if necessary, to install essential adaptive equipment and devices. This may include priming and painting of disturbed exterior areas to restore the initial appearance of the vehicle as closely as possible. (*MOVED FROM 009.06D*)

008.02E5. Unique Modifications. The following modifications may be provided, only if required, because of the nature of the recipient's impairment or expected use of the vehicle: (*MOVED FROM 009.06E, 009.06E1, 009.06E2, & 009.06E3*)

008.02E5a. High capacity internal heating and cooling systems,

008.02E5b. ~~CB radios or similar e~~Emergency equipment when the recipient will regularly operate the vehicle in isolated areas, and

008.02E5c. Major structural changes including raising the roof or lowering the floor of a vehicle.

008.02F. Repairs. Repairs to any of the aids and devices listed in Sections ~~009.06A~~008.02E1 to ~~009.06E~~008.02E5 which are already installed on a vehicle may be provided. Program assistance with Rehabilitation Technology Repair cannot exceed the amount in Appendix ~~CB~~. Assistance for the repair of the vehicle on which the aids and devices are installed may be provided. Program assistance with Vehicle Repair cannot exceed the amount in Appendix ~~CB~~. (*MOVED FROM 009.07*)

TITLE 92
CHAPTER 72

008.02G. Financial Assistance for New Modifications. The program may provide financial assistance for new modifications to a vehicle up to the amounts in Appendix B for Vehicle Modifications – New.

008.02H. Financial Assistance for Acquiring a Vehicle with Existing Modifications. The program may provide financial assistance, up to the amount in Appendix ~~CB~~ for ~~Rehabilitation Technology Vehicle Modifications Assistance Existing~~, with existing modifications, to a recipient who is acquiring a new vehicle that has been modified by the manufacturer or a manufacturer approved vendor, or a used vehicle that has been modified by a previous owner. (*MOVED FROM 009.10*)

008.02I. Driving Assessment and Training. The program may provide financial assistance for a driver's assessment to determine if the recipient will be able to safely operate the vehicle and /or driver's training to assist the recipient in learning how to operate the modified vehicle prior to the completion of vehicle modifications. Financial assistance for driver's training cannot exceed the amount in Appendix B, Miscellaneous Training-Assistive Technology Use.

~~009.03. Title and Insurance.~~ Vehicle modifications are strictly limited to those vehicles that are titled in the name of the recipient, his or her spouse, or his or her parent, and for which there is current full liability insurance coverage. (*MOVED TO 008.02B2*)

008.03. Vehicle Acquisition

008.03A. Acquisition of Motor Vehicles. The purchase of a motor vehicle for a recipient is allowable only when a vehicle is essential to the initial operation of a new business enterprise. Assistance is limited as provided in Section 009, Self Employment and Establishing a Small Business Operation.

008.03B. Acquisition of Vehicles as Adaptive Equipment. The program may provide financial assistance for adaptive equipment including All Terrain Vehicles (ATV), Utility Vehicles (UV) and similar devices necessary for personal mobility to compensate for limitations resulting from a physical disability. The program may provide financial assistance to purchase these adaptive devices up to the amount in Appendix B for Assistive Devices – Non-Prescriptive.

TITLE 92
CHAPTER 72

~~009.04. Cost estimates. Cost estimates are required for the purchase of vehicle modifications, unless the vehicle modifications will be obtained from a pre-qualified vendor. Cost estimates may be obtained from catalogs, advertisements, by telephone, or in writing from qualified vendors. Cost estimates shall be obtained from a minimum of two (2) providers, unless there is only one (1) qualified provider available or it is unreasonable to obtain estimates from more than one (1) provider. If there is only one (1) qualified provider available, a single estimate may be used. (MOVED TO 008.02C1 & 008.02C2)~~

008.04. Licensing and Insurance Fees. The program may provide financial assistance for initial licensing fees and/or insurance fees for recipient owned vehicles. The insurance coverage must be limited to the minimum legal requirement for liability insurance. Financial assistance for insurance premiums must not exceed six months and the recipient must be able to assume financial responsibility for continued insurance premium payments after the program funded coverage ends.

~~009.05. Exceptions. Vehicle modifications expressly do not include servo or joystick controlled steering, braking systems, or any other system that replaces the stock steering, braking system, or major part of the stock system provided as original equipment by the manufacturer. (MOVED TO 008.02D)~~

008.05. Exceptions. The Program Director of Independent Living has the authority and discretion to make reasonable exceptions to any state imposed vehicle modification regulations based on individual circumstances found in this section and related fees in Appendix B based on individual circumstances. An exception may be granted if he or she determines there is no alternative to accomplish the necessary accommodations in a safe manner. (MOVED FROM 009.11)

~~009.06A. Entry and Exit Aids. Entry and exit aids and devices may be provided to enable the recipient to enter and exit the vehicle. These include door openers, grab bars, wheelchair lifts, handling devices, or similar devices. (MOVED TO 008.02E1)~~

~~009.06B. Riding Aids. Riding aids and devices may be provided to enable the recipient to ride in the vehicle. These include wheelchair locks, tie-downs, safety belts, and similar aids and devices that enable the recipient to ride in the vehicle without significant individual risk. (MOVED TO 008.02E2)~~

TITLE 92
CHAPTER 72

~~009.06C. — Driving Aids. Special automotive driving aids may be provided if the recipient will operate the vehicle. These include brake and accelerator controls, dimmer switch controls, left foot accelerator, parking brake controls, right hand operated turn lever, left hand operated shift lever, and add on reduced effort power steering or braking modifications designed for use with the stock systems provided as original equipment by the vehicle manufacturer. (MOVED TO 008.02E3)~~

~~009.06D. — Interior and Structural Adaptations. Limited interior and structural adaptations and modifications may be provided, if necessary, to install essential adaptive equipment and devices. This may include priming and painting of disturbed exterior areas to restore the initial appearance of the vehicle as closely as possible. (MOVED TO 008.02E4)~~

~~009.06E. — Unique Modifications. The following modifications may be provided, only if required, because of the nature of the recipient's impairment or expected use of the vehicle: (MOVED TO 008.02E5, 008.02E5a, 008.02E5b, & 008.02E5c)~~

~~009.06E1. — High capacity internal heating and cooling systems;~~

~~009.06E2. — CB radios or similar emergency equipment when the recipient will regularly operate the vehicle in isolated areas; and,~~

~~009.06E3. — Major structural changes including raising the roof or lowering the floor of a vehicle.~~

~~009.07. — Repairs. Repairs to any of the aids and devices listed in Sections 009.06A to 009.06E which are already installed on a vehicle may be provided. Program assistance with Rehabilitation Technology Repair cannot exceed the amount in Appendix C. Assistance for the repair of the vehicle on which the aids and devices are installed may be provided. Program assistance with Vehicle Repair cannot exceed the amount in Appendix C. (MOVED TO 008.02F)~~

~~009.08. — Acquisition of Vehicles. The program does not provide assistance for the acquisition of manufacturer modified or used modified vehicles. This restriction includes, but is not limited to, assistance with purchase, lease, rental, or any other means of acquiring a vehicle. This restriction also includes, but is not limited to, financial assistance with down payments; leasing charges; rental charges; financing fees; licensing fees; sales and use taxes; insurance premiums; or, any other cost incurred in connection with acquiring a vehicle.~~

TITLE 92
CHAPTER 72

(MOVED TO 008.03A)

~~009.09. Financial Assistance. The program may provide financial assistance for vehicle modifications identified in Sections 009.06A through 009.06E3 up to the amounts in Appendix C.~~

~~009.10. Financial Assistance for Acquiring Existing Modifications. The program may provide financial assistance, up to the amount in Appendix C for Rehabilitation Technology Vehicle Modification Assistance with existing modifications, to a recipient who is acquiring a new vehicle that has been modified by the manufacturer or a manufacturer approved vendor, or a used vehicle that has been modified by a previous owner. (MOVED TO 008.02H)~~

~~009.11. Exceptions. The Program Director of Independent Living has the authority and discretion to make reasonable exceptions to any state imposed vehicle modification regulations based on individual circumstances. An exception may be granted if he or she determines there is no alternative to accomplish the necessary accommodation in a safe manner. (MOVED TO 008.05)~~

00910. Self Employment and Establishing A Small Business Operation

~~00910.01. Intent of self employment services. Services that may be provided when necessary to achieve an employment outcome of self-employment or establishing a small business operation are strictly limited to start-up business ventures in which the recipient will own a minimum of 51% of the business and which will permit the recipient to maximize employment as defined in Section 001.07A. Program financial assistance is available for:~~

~~010.01A. Technical assistance and other consultation services to conduct market analysis, develop business plans, and in addition to program resources, to secure resources from sources other than the program for the establishment and operation of the small business enterprise; (MOVED TO 009.02A)~~

~~010.01B. Required business start-up expenses which are limited to: (MOVED TO 009.02D)~~

~~010.01B1. Occupational licenses, franchise fees, and business permits including those required by any unit of state or local government for the operation of the new business enterprise;~~

TITLE 92
CHAPTER 72

(MOVED TO 009.02D1)

~~010.01B2.~~ Tools and equipment which are essential to the initial operation of the new business enterprise; *(MOVED TO 009.02D2)*

~~010.01B3.~~ Stocks and supplies of items essential to the initial operation of the new business enterprise; *(MOVED TO 009.02D3)*

~~010.01B4.~~ Operating costs essential to the initial operation of the new business enterprise, such as rent, utilities, business liability insurance and advertising; and, *(MOVED TO 009.02D4)*

~~010.01B5.~~ Down payment, initial licensing, and initial insurance of a vehicle essential to the initial operation of the new business enterprise. *(MOVED TO 009.02D5)*

~~010.01C.~~ Financial assistance is not available from the program for the costs of: *(MOVED TO 009.03)*

~~010.01C1.~~ Purchase of land or buildings for the new business enterprise; or, *(MOVED TO 009.03A)*

~~010.01C2.~~ Construction, renovation, or remodeling of buildings or space to be used by the new business enterprise. *(MOVED TO 009.03B)*

~~010.01D.~~ In addition to any cost sharing required by Section 003, the recipient must first apply all financing available from grants, loans, personal or family resources, and other sources, to the required business start up expenses. Program assistance is available for the remaining business start up expenses, up to the amount in Appendix C.

~~010.02.~~ Exceptions to the requirement that the business be a start-up venture may be granted if the Director of Counseling determines that expansion of an existing business is required to enable the recipient to earn a living wage. *(MOVED TO 009.2B)*

009.02. Program financial assistance is available for the following services.

009.02A. Technical assistance and other consultation services to conduct market analyses, develop business plans, and in addition to program resources, to secure resources from sources other than the program for the establishment and operation of the small business enterprise. *(MOVED*

TITLE 92
CHAPTER 72

FROM 010.01A)

009.02B. Expansion of a Business. Any request for expansion of an existing business must be approved by the Director of Counseling. Approval will be based on whether expansion of the existing business is required to enable the recipient to earn a living wage. If approved, the limitations and requirements in Sections 009.02D, 009.03 and 009.04 will apply.

009.02C. Maintaining an existing business. Program financial assistance is available for assistive technology, adaptive devices, specialized equipment, and/or job site modifications which compensate for limitations resulting from a disability and assist the individual to maintain their self employment.

009.02D. New Business Start-up Expenses. Expenses related to starting a new business include the following and are limited to an establishment period not to exceed six (6) months.

009.02D1. Occupational licenses, franchise fees, and business permits including those required by any unit of state or local government for the operation of the new business enterprise;. .
(MOVED FROM 010.01B1)

009.02D2. Tools and equipment which are essential to the initial operation of the new business enterprise;. . *(MOVED FROM 010.01B2)*

009.02D3. Stocks and supplies of items essential to the initial operation of the new business enterprise;. . *(MOVED FROM 010.01B3)*

009.02D4. Operating costs essential to the initial operation of the new business enterprise, such as rent, utilities, business liability insurance and advertising;—and, . *(MOVED FROM 010.01B4)*

009.02D5. Vehicle acquisition. .

009.02D6. Professional technical support including, but not limited to, legal and accounting services.

TITLE 92
CHAPTER 72

~~010.03.~~ Exceptions to the limit on financial assistance in Appendix C may be granted by the Director of Counseling after considering the following factors: *(MOVED TO 009.05A)*

~~010.03A.~~ The availability of financing from the Nebraska Department of Economic Development, the Small Business Administration, programs administered by the Under Secretary for Rural Development of the United States Department of Agriculture, or other programs and entities experienced in the financing of start-up small businesses; *(MOVED TO 009.05A1)*

~~010.03B.~~ The reasons for the availability or non-availability of financing from the programs and entities in Section 010.03A; *(MOVED TO 009.05A2)*

~~010.03C.~~ The amount in Appendix C is insufficient to establish the small business enterprise; and, *(MOVED TO 009.05A3)*

~~010.03D.~~ The availability of other employment options consistent with the recipient's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests. *(MOVED TO 009.05A4)*

~~009.03.~~ Program F financial assistance is not available from the program for the costs of: *(MOVED FROM 010.01C)*

~~009.03A.~~ Purchase of land or buildings for the new business enterprise; or, *(MOVED FROM 010.01C1)*

~~009.03B.~~ Construction, renovation, or remodeling of buildings or space to be used by the new business enterprise. *(MOVED FROM 010.01C2)*

~~010.04.~~ After reviewing a feasibility study and a business plan for the business, program staff may approve a recipient's Individual Plan for Employment with an employment goal of self-employment or establishing a small business operation if they determine that: *(MOVED TO 009.06)*

~~010.04A.~~ The business idea or concept is sound, based on an appraisal of similar ventures and their results; *(MOVED TO 009.06A)*

~~010.04B.~~ There is a market for the goods or services to be provided by the business, based on an appraisal of the market for the goods or

TITLE 92
CHAPTER 72

~~services, market competition, and the recipient's market strategy;
(MOVED TO 009.06B)~~

~~010.04C. The business venture is financially sound, based on an assessment of initial startup costs, credit and financing availability, and pro forma cash flow and profit and loss statements; and, (MOVED TO 009.06C)~~

~~010.04D. The recipient will be able to manage and operate the business, based on the consistency between the requirements of the business and the recipient's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests. (MOVED TO 009.06D)~~

009.04. Application of resources. The recipient must first apply personal and/or family resources and all financing available through grants or loans to the required business start-up expenses. Program assistance is available for the remaining business start-up expenses, up to the limit in Appendix B.

009.05. Exceptions

009.05A. Exceptions to the limit on financial assistance for business start-up expenses in Appendix CB may be granted by the Director of Counseling after considering the following factors: *(MOVED FROM 010.03)*

009.05A1. The availability of financing from the Nebraska Department of Economic Development, the Small Business Administration, programs administered by the Under Secretary for Rural Development of the United States Department of Agriculture, or other programs and entities experienced in the financing of start-up small businesses; *(MOVED FROM 010.03A)*

009.05A2. The reasons for the availability or non-availability of financing from the programs and entities in Section ~~010.03A~~ 009.05A1; *(MOVED FROM 010.03B)*

009.05A3. The amount in Appendix ~~CB~~ along with other resources are is insufficient to establish the small business enterprise; and, *(MOVED FROM 010.03C)*

TITLE 92
CHAPTER 72

009.05A4. The availability of other employment options consistent with the recipient's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests and informed choice. (*MOVED FROM 010.03D*)

009.06. IPE Approval. After reviewing a feasibility study and a business plan for the business, authorized program staff may approve a recipient's Individual Plan for Employment with an employment goal of self employment or establishing a small business operation if they determine that: (*MOVED FROM 010.04*)

009.06A. The business idea or concept is sound, based on an appraisal of similar ventures and their results; (*MOVED FROM 010.04A*)

009.06B. There is a market for the goods or services to be provided by the business, based on an appraisal of the market for the goods or services, market competition, and the recipient's market strategy; (*MOVED FROM 010.04B*)

009.06C. The business venture is financially sound, based on an assessment of initial startup costs, credit and financing availability, and pro forma cash flow and profit and loss statements; and, (*MOVED FROM 010.04C*)

009.06D. The recipient will be able to manage and operate the business, based on the consistency between the requirements of the business and the recipient's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests and informed choice. (*MOVED FROM 010.04D*)

0101. Vocational Training

0101.01. Purpose. Vocational ~~and other~~ training services enable individuals with disabilities to acquire the qualifications required for employment in their agreed-on employment goals. Vocational training is an appropriate service when it will enable the recipient to acquire necessary qualifications to enter employment in the trade, occupation, or profession that is the employment goal, and when it (alone or in combination with other vocational rehabilitation services) will resolve the recipient's impediments to employment. Employment qualifications include those academic requirements necessary to meet state or local registration, certification, or licensing requirements to practice the trade, occupation, or profession. Qualifications for employment or hire in the specific

TITLE 92
CHAPTER 72

employment outcome in the recipient's approved individualized plan for employment determine the type and level of post-secondary vocational training required.

0104.02. Vocational Training Defined. As used in this section, vocational training includes:

0104.02A. Post-secondary training occurring in institutions of higher education for which Federal student financial aid is available, including universities, colleges, community colleges, vocational schools, technical institutes, or hospital schools of nursing and allied health professions. Post-secondary training results in the award of ~~a certificate, diploma, or~~ an associate, bachelor's, master's, or doctoral degree.

0104.02B. ~~Post-secondary~~ Miscellaneous training, includes—basic academic or literacy training, or and other work and/or disability related skill building training including skill building through post secondary courses or programs for which federal student financial aid is not available.

0104.03. Scope. The scope of vocational training services includes, as appropriate to the recipient and the specific employment outcome in the recipient's approved individualized plan for employment, the provision of training services and related supports to prepare for and take licensing or certification examinations required for the practice of the trade, occupation, or profession and remedy deficiencies in prerequisite course requirements necessary for acceptance into post-secondary training programs.

0104.04. Expectation of Completion. The need for vocational training services must be established, based on an analysis of hiring qualification requirements for the employment goal in the local labor market or a labor market to which the recipient is willing to relocate, and the recipient's current level of vocational qualifications and functioning. In addition, there must be a reasonable expectation of successfully completing training, based on an analysis of indicators of training success such as past academic achievement or test results relating to:

0104.04A. Academic skill or potential;

0104.04A1. Academic skill or potential may be assessed by the use of "ability to benefit" tests and passing scores that are

TITLE 92
CHAPTER 72

approved by the United States Department of Education.

0101.04B. Intelligence; and,

0101.04C. Vocational aptitudes as measured by psychometric tests or vocational assessments.

0101.05. Admission Requirements. Recipients must meet academic and other established requirements for admission into a post-secondary training program.

0101.06. Graduate Training Requirements. Before post-secondary training beyond the bachelor's level may be provided, recipients must apply for admission to both the school and the graduate program. Recipients who have been denied admission to the school and/or the graduate program will not be eligible for program financial assistance.

0101.07. Comparable Services. There must be a full search for and use of comparable services and benefits. If training will be provided in an institution of higher education, there must be maximum efforts by the program and the recipient to secure grant assistance in whole or in part from other sources.

0101.08. Timelines. To receive consideration for program financial assistance, recipients must have ~~their individualized plans for employment containing post secondary training services approved, and have submitted all financial aid application forms required by the institution they will attend at least sixty (60) days before the date on which they will begin training. Recipients who do not meet the sixty (60) day deadline will not receive program financial assistance until the next post secondary training term.~~ clearly indicated their choice of attending post secondary training or miscellaneous training-skill building in a time frame that allows program staff reasonable time to obtain financial aid information, cost of attendance information, and approve the Individualized Plan for Employment prior to the first day of school.

010.08A. Initial Term. To receive consideration for program financial assistance for the initial term of training, recipients must have their individualized plans for employment containing post-secondary or miscellaneous training-skill building services approved at least sixty (60) calendar days before the date on which the recipient will begin training. In addition, the recipient must provide the agency with their registration course titles and the total credit hours for the term at least five (5) business days before the start of the first term. For post secondary

TITLE 92
CHAPTER 72

training as defined in Section 010.02A, recipients must complete the financial aid application and award process in sufficient time to allow the school to provide Vocational Rehabilitation (VR) with the financial aid award information no later than five (5) business days before the start of the term.

010.08B. Subsequent Terms. To receive program financial assistance for subsequent terms of training, recipients must, at least five (5) calendar days before the start of any term, provide the agency with registration course titles and total credit hours for the term, and any grade report or transcript issued by the institution when requested by VR. For any subsequent term that is the first term in the financial aid year for recipients in post secondary training as defined in Section 011.02 A, the recipients must complete the financial aid application and award process in sufficient time to allow the school to provide VR with the financial aid award information no later than five (5) calendar days before the start of the term.

010.08C. Lack of compliance. - If recipients do not comply with timelines in Sections 010.08, 010.08A and 010.08B, except for reasons beyond their control, no assistance is provided for that term.

0101.09. Increased Living Costs, Childcare, Occupational Tools and Transportation. If required to enable the recipient to participate in post-secondary training, financial assistance with the cost of training-related increased living costs, childcare expenses, occupational tools and transportation (in addition to the financial assistance for tuition, fee, textbooks, and supplies) may be provided if unmet need will not be exceeded.

0101.10. The actual cost of tuition, fees, textbooks, and supplies may be provided if the recipient is attending Gallaudet or the National Technical Institute for the Deaf.

0101.11. Reasonable Progress. Recipients in vocational training programs must maintain reasonable progress, according to progress criteria stated in their individualized plans for employment.

0101.11A. In post-secondary training programs the following minimum progress criteria must be included in the progress criteria set out in the recipient's individualized plan for employment:

0101.11A1B. Complete at least:

TITLE 92
CHAPTER 72

0101.11A1aB1. 24 semester hours of credit during the academic year in a university or college that operates on a two semester and summer school system; or,

0101.11A1bB2. 36 hours of credit during the academic year in a university or college that operates on a three semester system; or,

0101.11A1cB3. 48 quarter hours of credit during the academic year in a technical school or community college that operates on a 4 quarter system; and,

0101.11A1dC. Maintain an overall minimum grade point average of "C" or equivalent, or better, unless a higher GPA is ~~in the recipient's individualized plan for employment~~ required by the program of study.

010.11B. In miscellaneous training skill building, the following minimum progress criteria must be included in the progress criteria set out in the recipient's individualized plan for employment.

010.11B1. Complete the courses registered for and maintain an overall minimum grade point average of "C" or equivalent, or better, unless a higher course grade or GPA is required by the program of study.

0101.11CD. ~~If the A recipient requires may take~~ a reduced course load because of the due to impairment or need to maintain employment or a comparable benefit., ~~The agreed upon reduced number of hours to be completed each academic year term shall~~ must be documented stated in the case service record. ~~individualized plan for employment.~~

0101.11DE. If the recipient fails to maintain reasonable progress in a vocational training program, appropriate corrective actions should be taken, in cooperation with the training provider, to remedy the problem. Financial assistance with the cost of training may be continued for three months (or one academic term or semester for post-secondary training) to determine whether the recipient is able to make reasonable progress with the corrective actions. If reasonable progress is not achieved at the end of that period, financial assistance will be discontinued and the individualized plan for employment should be reviewed and revised to

TITLE 92
CHAPTER 72

determine a more suitable vocational goal.

0104.12. Congressional Intent. Congress intended that program recipients avail themselves of the numerous grant and student assistance programs which are available to pay for higher education before program funds are used to pay these costs. A decision to use program funds must be consistent with the intent that program resources be used as a last resort to pay for training in institutions of higher education.

0104.13. Financial Aid Information. Before the amount of vocational rehabilitation financial assistance can be determined and authorized, the program must receive from the financial aid office of the school the recipient will be attending the following minimum information; must be available:

0104.13A. The budget used to determine the amount of aid to be awarded;

0104.13B. The amount of the expected family contribution;

0104.13C. The amount of gift aid to be awarded (gift aid includes Pell grants, supplemental educational opportunity grant (SEOG), and state scholarship award program (SSAP), scholarship assistant program (SAP) scholarships, Leveraging Educational Assistance Program (LEAP), tuition waivers, and any other award or scholarship not based on merit); and,

0104.13D. The amount of unmet need remaining as calculated by the financial aid office.

0104.14. Unmet Need Limitation. There are no circumstances under which the program can provide financial assistance exceeding the amount of unmet need determined by the school's financial aid office.

0104.15. Post-Secondary Training Financial Assistance Rates. Program financial assistance for training costs which include tuition, fees, textbooks and required consumable supplies (i.e. uniforms and specifically required supplies) shall be available at the amounts in Appendix BC.

0104.16. Maximum Credit Hours of Assistance for Post-secondary Training. The maximum credit hours of assistance for which the program will provide financial assistance is the number of credit hours required by the educational institution for the agreed upon program of study. The following credit hours, regardless of the funding source, shall count toward the maximum credit hours

TITLE 92
CHAPTER 72

for their program of study, are as follows:

0101.16A. — Certificate/Diploma Programs. 32 semester hours, or 48 quarter hours, or 1200 clock hours. Transfer credit hours accepted by the institution and program of study.

0101.16B. — Associate Degree Programs. 72 semester hours, or 108 quarter hours. Alternative course credit hours accepted by the institution and program of study.

0101.16C. — BA/BS Degree Programs. 136 semester hours, or 204 quarter hours. Course credits earned by the recipient while under an Individualized Plan for Employment.

0101.16D. — MA/MS Degree Programs. 48 semester hours beyond the BA/BS degree program requirements. Course credit hours authorized for, but not earned because the:

010.16D1. Course was not completed with a grade of C or equivalent, or a grade required by the program of study;

010.16D2. Course was withdrawn from after the 100% refund period; or

001.16D3. Course or courses completed do not meet the degree requirements of the institution and program of study.

011.16E. — Specialist Degree Programs. 60 semester hours beyond the BA/BS degree program requirements.

011.16F. — JD, MD, PhD, EdD, DSc Degree Programs. 96 semester hours beyond the BA/BS degree program requirements.

011.16G. — The limit of the maximum credit hours of assistance may be extended by the Area Administrator if additional hours are specifically required by the higher education institution for degree completion or by a state authority issuing mandatory licenses.

0101-17. Remedial or Developmental Classes. Limited program financial assistance is available for remedial or developmental classes. Remedial or developmental classes shall mean those classes designed to increase the ability of a recipient to pursue a course of study leading to a certificate or degree. Program financial assistance will only be provided for a maximum of six (6) semester hours or nine (9) quarter hours for remedial or developmental class hours. Costs for all remedial or developmental class hours in excess of six (6)

TITLE 92
CHAPTER 72

semester hours or nine (9) quarter hours will be the recipient's responsibility.

~~011.18. Summer School Classes. Program financial assistance is not available for summer school terms. However, exceptions will be made and financial assistance is available if the recipient meets one of the following criteria:~~

~~011.18A. Classes scheduled for the summer school term are needed in order to graduate at the end of the summer or next school term.~~

~~011.18B. The summer school session is the only time a particular class is offered and the class is required for post-secondary program completion.~~

~~011.18C. The summer school class is offered by an institution of higher education that operates on the quarter system and is designed for continuous attendance through completion.~~

~~011.18D. The summer school class is a co-op or internship that is required for post-secondary program completion.~~

0101.189. Exceptions. Area Administrators have the authority and discretion to make reasonable exceptions to the program financial assistance provisions in this section other than exceeding the unmet need based on individual circumstances. Exceptions may be granted if the Area Administrator determines there is no alternative to addressing a recipient's need for vocational training necessary to achieve the employment outcome on the recipient's approved individualized plan for employment.

0112. Increased Living Costs

0112.01. Assistance for increased living costs is a limited tool for program use when the circumstances of participating in a vocational rehabilitation service causes additional costs to the recipient for food, shelter, clothing, or other subsistence items.

0112.02. Assistance for increased living costs may be provided when participation in an assessment of eligibility and rehabilitation needs or while receiving a planned program service results in an increased cost to the recipient for food, clothing, shelter, or other subsistence items that exceeds his or her current subsistence expenses, including the costs of uniforms or other suitable clothing required for a recipient's training, job seeking, or job placement activities. The increase in living costs must be tied to other services being provided, and is strictly limited to the additional living expenses a recipient

TITLE 92
CHAPTER 72

incurs while participating in program services, not everyday living expenses.

0112.03. Assistance for increased living costs may be provided for room and board expenses while in training (including dormitory fees), and for subsistence expenses incurred during relocation, including required initial one-time costs, such as a security deposit or utility initiation charges.

COST SHARING BASED ON INCOME AND ASSETS

~~Cost sharing is required if family income is greater than 185% of the most recent Poverty Guidelines for the 48 Contiguous States and the District of Columbia published and updated annually by the U.S. Department of Health and Human Services. 10% of the income above the threshold amounts must be applied toward the cost of those program services requiring cost sharing.~~

~~Cost sharing is required if recipients have assets over \$6,000 for one (1) person and \$3,000 for each additional person in the family unit. Twenty five (25%) percent of the assets above the threshold amounts must be applied toward the cost of those program services requiring cost sharing.~~

Household Number	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>	<u>7</u>
Threshold Amounts	\$6,000	\$9,000	\$12,000	\$15,000	\$18,000	\$21,000	\$24,000

STANDARDS FOR FACILITIES AND SERVICE PROVIDERS

To determine whether a facility, service, program, or provider meets minimum standards, program staff consider such factors as: their past performance in achieving results or employment outcomes and the quality of results or employment outcomes achieved, licensure, accreditation, certification, or registration from state authorities; accreditation or certification from nationally recognized accrediting organizations; education, training, and experience of personnel; and, compliance with the American With Disabilities Act and Section 504 of the Rehabilitation Act.

Hospitals and clinics must be licensed by the State of Nebraska. Hospitals accredited by the Commission on Accreditation of Rehabilitation Facilities are given preference for the provision of rehabilitation medicine and treatment of physical impairments.

Schools and other training institutions must be approved by a recognized accrediting body for the institution. Out-of-state schools must be approved by a nationally recognized accrediting agency or association.

Program services and goods may be purchased from any entity doing business in Nebraska, including businesses operated by independent contractors, for-profit sole proprietorships and partnerships, and those engaged in the construction or renovation of homes.

Medical or psychological diagnosis and treatment services in audiology and speech language pathology; chiropractic; dentistry; hearing aid instruments; dispensers and fitters; medicine and surgery; mental health; nursing; occupational therapy; optometry; physical therapy; podiatry; psychology; respiratory care; and, social work must be provided by professionals who are appropriately licensed, certified, or registered with the appropriate state examining board. Psychologists with clinical certification are given preference.

Prosthetic and orthotic services and appliances must be provided by professionals who are certified by the American Board of Certification for Prosthetic and Orthotic Appliance Industry Inc. or otherwise qualified by training and experience to perform the specific service required.

A qualified interpreter for the hearing impaired is an interpreter who ~~is able to interpret effectively, accurately, and impartially both receptively and expressively, using any necessary specialized vocabulary~~ holds a license issued by the State of Nebraska through the Nebraska Commission for the Deaf and Hard of Hearing. Interpreters providing services for hearing impaired recipients must be appropriately qualified for the particular assignment.

All service providers must be at least 18 years of age ~~and must not be an employee of the Nebraska Department of Education or a family member or relative of an employee of the Department of Education.~~

Background screening requirements. Background screening is required for individuals who provide job coaching, independent skills exploration and training, supported employment, and self employment consultation services. The program will conduct background screening, including checks of the following: State Patrol Criminal Records, Nebraska Sex Offender Registry, HHS Adult and Child Protective Services Central Registries, and DMV Driving Records (if transporting a recipient is a requirement of the job) before approving service agreements with individuals who will provide services requiring background screening. Service providers who employ individuals who will provide services requiring background screening must provide the program with written assurance that persons employed to provide these direct services have not been convicted of a felony or misdemeanor involving neglect or abuse of a child or vulnerable adult before the program will approve their service agreements.

FEE SCHEDULE FOR SERVICES AND SUPPORTS

The purpose of the fee schedule for services and supports is to contain costs and to assure the availability of program services to the largest number of individuals with significant disabilities. The intent of the schedule is to assure costs are the lowest reasonable cost for program services and supports, while allowing for sufficient flexibility to meet an applicant's or recipient's needs.

Service or Support	Fee Schedule
Assistive Devices (other than Rehabilitation Technology-Durable medical goods)	Cost equal to least expensive cost estimate, not to exceed \$4,999.99.
Benefit analysis	Fee for service established in written agreement with provider.
Child Care	Allowance equal to Nebraska Health and Human Services child care subsidy.
Computer	Allowance equal to \$1,400 for CPU, monitor, keyboard, modem, printer, basic productivity software, and antivirus.
Drugs	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Pharmacy Services.
Employment Occupational Tools	Cost equal to least expensive cost estimate, not to exceed \$1,500.
Employment Uniforms & Clothing	Allowances equal to \$120 (Interview Clothing), \$75 (Work Clothing & Uniforms), \$130 (Work Boots), \$75 (Work Shoes), or \$55 (Casual shoes).
Eyeglasses	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Visual Services.
Hearing Aids	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Hearing Aids. Hearing aid invoice cost in excess of allowables requires prior approval by Office Director.
IL Skill Training-Consumable Supplies	Cost equal to least expensive cost estimate, not to exceed \$150.
Increased Living Costs	Allowance equal to the increase in living expenses (food, shelter, clothing, and other subsistence items) necessary to participate in the IPE, not to exceed the current monthly Federal SSI Ticket to Work payment base amount.
Interpreter Hearing Impaired	Fee for service not to exceed NDE Interpreter Fee Schedule.
Job Readiness Training	Fee for service established in written service agreement with provider, not to exceed \$25 per hour.
Licenses & Permits	Allowance equal to fee charged by licensing agency.
Lodging & Per Diem	Allowance equal to current NDE meal and lodging allowances.
Medical Evaluation	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for, as appropriate to the evaluation obtained, Physician Services, Mental Health and Substance Abuse Services, Chiropractic Services, Dental Services, Hospital Services, Physical Therapy and Occupational Therapy

Service or Support	Fee Schedule
	Services, Podiatry Services, Respiratory Therapy, Speech Pathology and Audiology Services, or Visual Care Services.
Medical Treatment	Costs not to exceed the Nebraska Medicaid Fee Schedule Allowables for, as appropriate to the treatment received, Physician Services, Mental Health and Substance Abuse Services, Chiropractic Services, Dental Services, Hospital Services, Physical Therapy and Occupational Therapy Services, Podiatry Services, Respiratory Therapy, Speech Pathology and Audiology Services, or Visual Care Services.
On-Site Observation	Fee for service established in written service agreement with provider, not to exceed \$25 per hour.
Personal care assistant	Allowance equal to the Nebraska Medicaid Fee Schedule Allowables for Personal Care Aid Services.
Psychological Evaluation	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Mental Health and Substance Abuse Services.
Reader	Allowance equal to current Federal minimum wage.
Rehabilitation Technology- Durable medical goods	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Durable Medical Equipment and Medical Supplies.
Rehabilitation Technology-Home Modification	Cost equal to least expensive cost estimate, not to exceed \$5,000 (rental property) or \$10,000 (consumer or family owned).
Rehabilitation Technology- Prostheses	Cost not to exceed the Nebraska Medicaid Fee Schedule Allowables for Durable Medical Equipment and Medical Supplies.

Service or Support	Fee Schedule
Rehabilitation Technology Repair	Cost equal to least expensive cost estimate, not to exceed \$4,999.99.
Rehabilitation Technology-Technology Use Training	Fee for service established in written service agreement with provider, not to exceed \$25 per hour.
Rehabilitation Technology-Vehicle Modification	Cost equal to least expensive cost estimate, not to exceed \$7,000 (car) or \$15,000 (van).
Rehabilitation Technology-Vehicle Modification Assistance with existing modifications.	Allowance equal to the table amount, based on the date modifications went into use: Age of Modifications New 1 2 3 4 5 Amount of Assistance \$15,000 \$12,000 \$9,000 \$6,000 \$3,000 \$0
Relocation Costs	Allowance equal to least expensive cost estimate for moving van, movers, and insurance for household goods while in transit; and lodging and per diem costs while in transit, not to exceed NDE meal and lodging allowances.
Report Completion of Disability Verification form from records	Fee for service not to exceed \$22.
Report Completion of Physical Capacity form from records	Fee for service not to exceed \$22.
Report from Medical or Hospital Records	Photocopying cost not to exceed 75¢ per page and a maximum of \$25 per report.
Security Deposit Rental	Allowance not to exceed 1 month's rent.
Self-Employment Consultation	Fee for service established in written service agreement with provider.
Small Business Start Up Expenses	Cost equal to required business start up expenses remaining after all assistance and participation from other sources has been applied, not to exceed \$5,000.
Small Business Technical Assistance	Fee established in written service agreement with provider.
Supported Employment Crew or Enclave	Cost not to exceed the Supported Employment Work Crew or Enclave Fee Schedule in Appendix D.
Supported Employment-Individual	Cost not to exceed the Supported Employment Individual Placement Milestone and Outcome Fee Schedule in Appendix D.
Supported Employment-Transitional Employment	Cost not to exceed the Supported Employment Transitional Employment Fee Schedule in Appendix D.
Training Basic Academic/Literacy Training	Fee for service established in written service agreement with provider, not to exceed \$25 per hour.

Service or Support	Fee Schedule
Training Benefits Planning	Fee for service established in written service agreement with provider, not to exceed \$25 per hour.
Training IL Skill	Fee for service established in written service agreement with

	provider, not to exceed \$25 per hour.
Training On the Job Training-Private Employer	Fee for service negotiated with employer not to exceed a total of \$3,000.
Training On the Job Training-Job Coach	Fee for service established in written service agreement with provider, not to exceed \$600 for initial assessment and placement, and \$25 per hour for training services.
Training Post-Secondary Occupational Tools	Allowances equal to \$1,500 (Diesel & Auto Body), \$1,350 (Auto Mechanic), \$700 (Heating & AC), or \$500 (Carpentry).
Training Post-Secondary College	Allowance equal to \$103 per credit hour (\$69 per quarter hour); maximum hours not to exceed \$011.16. Allowance amount is inclusive of: Initial allowance for books and supplies equal to \$330 per academic term; Allowance for Special Fees equal to billed cost; and Allowances for Uniforms and Clothing equal to \$75 (Work Clothing & Uniforms), \$130 (Work Boots), or \$75 (Work Shoes).
Training Post-Secondary Technical	Allowance equal to \$63 per credit hour (\$42 per quarter hour; \$1.68 per clock hour); maximum hours not to exceed \$011.16. Allowance amount is inclusive of: Initial allowance for books and supplies equal to \$330 per academic term; Allowance for Special Fees equal to billed cost; and Allowances for Uniforms and Clothing equal to \$75 (Work Clothing & Uniforms), \$130 (Work Boots), or \$75 (Work Shoes).
Training Skill Building	Allowance equal to actual cost, not to exceed the maximum amount of financial assistance to obtain an associate degree and below, in accordance with §§011.15 and 011.16. Allowance amount is inclusive of: Initial allowance for books and supplies equal to \$330; Allowance for Special Fees equal to billed cost; and Allowances for Uniforms and Clothing equal to \$75 (Work Clothing & Uniforms), \$130 (Work Boots), or \$75 (Work Shoes).

Service or Support	Fee Schedule
Travel Private Vehicle	Allowance equal to 20¢ per mile.
Travel Public Transportation	Allowance equal to current least expensive available fare.
Utility Initiation	Allowance equal to service initiation fees for electricity, gas, refuse, and telephone services.
Vehicle Repair	Allowance equal to least expensive cost estimate for maintenance and repair essential to the safety and operation of a personal vehicle, limited to: routine oil, filter, and lubrication; replacement of tires and battery; repair of engine, exhaust, drive train, steering, and braking systems; not to exceed \$1,000 per plan year.
Worksite Modification	Cost equal to least expensive cost estimate, not to exceed \$4,999.99 .

FEE SCHEDULE FOR SERVICES, GOODS, AND SUPPORTS

The purpose of the fee schedule for services, goods, and supports is to contain costs and to assure the availability of program services to the largest number of individuals with significant disabilities. The intent of the schedule is to assure costs are the lowest reasonable cost for program services, goods, and supports, while allowing for sufficient flexibility to meet an applicant's or recipient's needs.

For cost estimate requirements, see Services, Goods, and Supports Procurement, Sections 004.03A – C and Vehicles, Sections 008.02C1 – 2.

CA = Cash Advance

R = Reimbursement

PP. = Program Purchases

Fee: A rate or amount established in a written agreement.

Cost: Actual cost of the services, goods or supports; or a pre-determined fixed amount for certain designated services and supports as stipulated in Chapter 72, or an amount specified in a fee schedule which is honored by VR.

<u>SERVICES, GOODS, SUPPORTS</u>	<u>FEE SCHEDULE</u>	<u>How VR Will Pay</u>		
		<u>CA</u>	<u>R</u>	<u>PP</u>
<u>Academic Literacy Training-Basic</u>	<u>Cost not to exceed \$2,000 for the plan item.</u>	<u>X</u>	<u>X</u>	<u>X</u>
